

Project Information

Construction of an office building with two production halls in Slovakia

Client:

Kissling Invest Slovensko s.r.o

The company Kissling Invest Slovensko s.r.o is part of the Kissling Group, whose German headquarters are located in Wildberg, near Calw.

Project description:

The construction work on a former military site comprised an office building and two production halls with drywall construction, mineral-fibre ceilings, wooden doors, steel doors and fire doors.

Order volume: Approx. €400,000

Construction period: May 2012 to February 2013

The project included the fabrication of

- approx. 4,200 m² of double-clad plasterboard walls,
- approx. 280 m² of double-clad diamond-plate walls,
- approx. 130 m² of F 90 plasterboard walls,
- approx. 180 m² of facings and
- approx. 750 m² of mineral-fibre ceilings

and the installation of

- four T 30 wood/steel door elements and
- 56 further wood/steel door elements.
